

Aprio Cloud and Veem

By partnering with Veem, Aprio Cloud customers have profited from free domestic payments and saved, on average, between \$20-\$300 per month in fees. In addition to saving money, our customers have experienced reduced time during the reconciliation process and more timely, accurate data by adding Veem to their technology solution.

Aprio[®] cloud

What is Veem?

Veem is a global payments network built for businesses. Veem connects you with your entire business network, making your payments simple, secure, transparent and cost effective.

Save time on your international payment process with Veem's easy to use platform.

Take advantage of Veem's secure 2-sided payment network to help ensure your money is protected.

Know where your money is with Veem's one-of-a-kind real time tracker

Save money on fees and subscriptions with Veem's straightforward pricing model

Veem integrates with the tools you use every day:

Join the network already being used by over 200,000 customers worldwide across 110 countries.

Make payments easier and get started today at veem.com
